environment & planning a

international journal of urban and regional research · volume 18 1986 · a pion publication

Editor A G Wilson
School of Geography, The University of Leeds, Leeds LS2 9JT, England

Coeditors
D E Boyce
Department of Civil Engineering, University of Illinois, 208 North Romine Street, Urbana, Illinois 61801, USA

R J Johnston
Department of Geography, The University of Sheffield, Sheffield S10 2TN, England

Coeditor and book reviews editor N J Thrift
Department of Geography, St David's University College, Lampeter, Dyfed SA48 7ED, Wales

Editorial advisory board
R J Bennett, The London School of Economics and Political Science, England
J A Black, Department of Transport Engineering, University of New South Wales, Australia
G L Clark, School of Urban and Public Affairs, Carnegie-Mellon University, Pittsburgh, USA
R Fincher, School of Environmental Planning, University of Melbourne, Melbourne, Australia
M M Fischer, Institute of Geography, University of Vienna, Vienna, Austria
P Gould, College of Earth and Mineral Sciences, Pennsylvania State University, USA
B Harris, Department of City and Regional Planning, University of Pennsylvania, USA
A M Hay, Department of Geography, University of Sheffield, Sheffield, England
H Kohno, Institute of Socio-Economic Planning, University of Tsukuba, Japan
S M Macgill, School of Geography, The University of Leeds, Leeds, England
E J Malecki, Department of Geography, University of Florida, Gainesville, USA
R L Martin, Department of Geography, University of Cambridge, Cambridge, England
H Newby, Department of Sociology, University of Essex, Colchester, England
S Openshaw, Department of Town and Country Planning, University of Newcastle, England
T O'Riordan, School of Environmental Sciences, University of East Anglia, Norwich, England
Yu S Popkov, Institute for System Studies, Moscow, USSR
J Rees, Department of Geography, Syracuse University, New York, USA
P H Rees, School of Geography, The University of Leeds, Leeds, England
W Rothengatter, German Institute for Economic Research, Berlin, FRG
A J Scott, Department of Geography, University of California, Los Angeles, USA
M Storper, Architecture and Urban Planning, University of California, Los Angeles, USA
P Williams, Institute of Housing, London, England
N Wrigley, Department of Town Planning, UWIST, Cardiff, Wales

Contents

Volume 18, number 1

Guest editorial 1

Research policy and review 7. Developments in environment-behaviour-design research: a critical assessment in the context of geography and planning with special reference to the Third World B A Chokor 5

Judicial adjudication and the spatial structure of production: two decisions by the National Labor Relations Board K Johnston 27

A case study of context effects and residential area evaluation in Hamilton, Canada V Preston 41

Forms of utility function for residential behavior analysis and neighborhood benefits estimation H Morisugi, T Yoshida 53

The policy context of the welfare debate J P Jones III, J E Kodras 63

Multiday samples, parameter estimation precision, and data collection costs for least squares regression trip-generation models E I Pas 73

Vacancy chain models for housing and employment systems H C W L Williams, P Keys, M Clarke 89

Measuring connectedness of input-output models: 2. Total flow concept J M Szyrmer 107

Estimation of interregional trade flows: a Markov chain approach I Weksler, G Alperovich, D Freeman 123

Reviews 133

Volume 18, number 2

Editorials 143

Research policy and review 8. Party political approaches to rural conservation in Britain D I Brotherton 151

The distribution of population and employment in a polycentric city: the case of Los Angeles P Gordon, H W Richardson, H L Wong 161

Industrial location models 1: a review and an integrating framework M Birkin, A G Wilson 175

Land investment, planning permission, and uncertainty: a state-preference analysis D G Wiltshaw 207

Dynamic aspects of environmental damage in a multisector economy Y Kitabatake, S Nishioka 217

Structuration theory in urban analysis: 1. Theoretical exegesis A I Moos, M J Dear 231

Public libraries in Salford: a geographical analysis of provision and access K J Cole, A C Gatrell 253

Updating input-output tables using employment data: a reformulation R C Hinojosa, B W Pigozzi 269

Reviews 277

Volume 18, number 3

Guest editorials 289

Industrial location models 2: Weber, Palander, Hotelling, and extensions within a new framework M Birkin, A G Wilson 293

An integrated land-use-transportation model for the San Francisco Region: 1. Design and mathematical structure P Prastacos 307

Asian investment in Australian capital city property markets C Adrian, R Stimson 323

Calibration procedures and problems of stability in nonlinear dynamic spatial interaction modeling S T Lombardo, G A Rabino 341

Structuration theory in urban analysis: 2. Empirical application M J Dear, A I Moos 351

Immigration to Western Europe, 1952-1982: a time-series analysis of movement to Sweden, France, and Essen J O'Loughlin 375

Modelling hierarchical destination choice A S Fotheringham 401

Letter to the editor 419

Volume 18, number 4

Editorial 435

Selected Papers from the Sixth Advanced Studies Institute in Regional Science, Bamberg

Transport network equilibrium and regional deconcentration M Wegener 437

The spatial components of demographic change D Campisi 457

Scheduling of interstate road and railway investments W Rothengatter 465

Integration of supply and demand models in transportation and location: problem formulations and research questions D E Boyce 485

Regional investment functions of material infrastructure: theoretical issues and selected empirical case studies W Buhr, M Köppel 491

Other titles

An integrated land-use-transportation model for the San Francisco Region: 2. Empirical estimation and results P Prastacos 511

The location of employment growth after 1978: the surprising significance of dispersed centres A R Townsend 529

Spatial pattern in distance-deterrence parameters and Fotheringham's theory of competing destinations G Ewing 547

Further discussion on distance-deterrence parameters and the competing destinations model A S Fotheringham 553

Reviews 557

Volume 18, number 5

Guest editorial 569

Research policy and review 9. A space for place (or a place for space) in British psephology: a review of recent writings with especial reference to the General Election of 1983 R J Johnston 573

Regional conflicts in Poland: spatial polarization in a centrally planned economy J S Kowalski 599

Predicting patient flows and hospital case-mix L D Mayhew, R W Gibberd, H Hall 619

Privatisation of housing and the impact of the Conservative Government's initiatives on low-cost homeownership and private renting between 1979 and 1984 in England and Wales: 1. The privatisation policies A D H Crook 639

Designing secondary school catchment areas using goal programming C M S Sutcliffe, J L G Board 661

On the depletion of exhaustible resources in the presence of revised estimates S Stefani 677

Errors in variables: a problem in regression and its solution K J Thomson, K G Willis 687

Letter to the editor 695

Reviews 699

Volume 18, number 6

Editorials 711

Homogeneity versus heterogeneity in household structure: the recent experience of twenty US cities P Gober 715

The export dynamics of firms in traditional industries during recession R Hayter 729

The product-cycle model: a critique M Taylor 751

Residential mobility in Dutch housing markets W A V Clark, M C Deurloo, F M Dieleman 763

A framework for the nonstatistical assessment of behaviorally based policy models B E Tonn 789

Towards an alternative conception of job-search theory and policy: information as an indeterminate process G L Clark 803

Privatisation of housing and the impact of the Conservative Government's initiatives on low-cost homeownership and private renting between 1979 and 1984 in England and Wales: 2. Implementation of low-cost homeownership policy A D H Crook 827

Letter to the editor 837

Reviews 839

Volume 18, number 7

Editorial 849

Research policy and review 10. Frameworks for studying energy and the environment 851
C W Hope, S Owens

Inside the rust belt: an analysis of the decline of the West Midlands economy. 865
1: International and national economic conditions N Flynn, A P Taylor

Privatisation of housing and the impact of the Conservative Government's initiatives on low-cost homeownership and private renting between 1979 and 1984 in England and Wales: 3. Impact and evaluation of low-cost homeownership policy A D H Crook 901

An analysis of migratory systems: 1. Theory P Kanaroglou, K-L Liaw, Y Y Papageorgiou 913

A single-region carrier model for the simulation of Hodgkin's disease applied to its incidence in Greater Manchester, 1962-1976 R W Thomas 929

Work decentralisation from large to small firms: a preliminary analysis of subcontracting R F Imrie 949

Establishment migration: an analytical framework J Twomey 967

Reviews 981

Volume 18, number 8

Guest editorials 995

Inside the rust belt: an analysis of the decline of the West Midlands economy. 999
2: corporate strategies and economic change N Flynn, A Taylor

Privatisation of housing and the impact of the Conservative Government's initiatives on low-cost homeownership and private renting between 1979 and 1984 in England and Wales: 4. Private renting A D H Crook 1029

An analysis of migratory systems: 2. Operational framework 1039
P Kanaroglou, K-L Liaw, Y Y Papageorgiou

Data use and the simulation of regional input-output matrices F Harrigan, I McNicoll 1061

Industrial decentralisation and regional policy in South Africa R Tomlinson, J Hyslop 1077

The costs of urbanization: a case study of Pakistan S A Qutub, H W Richardson 1089

Aggregation in decisionmaking: a unifying approach A Reggiani, S Stefani 1115

Reviews 1127

Volume 18, number 9

Guest editorial 1137

Obituary—Giorgio Leonardi 1141

The fractal simulation of urban structure M Batty, P A Longley 1143

Research policy and review 11. New tools for a planner's toolkit M H Krieger 1181

Statistical approaches to structural change in regional interindustry models B Ó hUallacháin 1189

Towards a spatial deconcentration of entrepreneurial control? Some empirical evidence for the Austrian regions, 1973-1981 G Maier, F Tödtling 1209

The incidence and nature of redundancy in the Northern Ireland shipbuilding industry 1972-1983 R T Harrison 1225

Defining the local labour market: an application of log-linear modelling to the analysis of labour catchment areas J A Dawson, A M Findlay, L Sparks 1237

Positive discrimination in the provision of primary education in Sheffield C J Pattie 1249

Elasticities of demand for recreation site and for recreation experience C Price, J B Christensen, S K Humphreys 1259

Reviews 1265

Volume 18, number 10

Guest editorials 1275

Housing choice and search strategies within an administered housing system K Kintrea, D Clapham 1281

Modelling population changes in small English urban areas P Congdon, J Shepherd 1297

Assessing options in resource use for renewable energy through multiobjective goal programming C Cocklin, S C Lonergan, B Smit 1323

Dimensions of automobile demand: an overview of an Australian research project D A Hensher 1339

Existence and stability of city-size distribution in the gravity and logit models T Tabuchi 1375

The effect of the environment on party identification G J G Upton, S J Stray 1391

The influence of unemployment on the level and rate of company formation in Scotland, 1950-1984 R T Hamilton 1401

Reviews 1405

Volume 18, number 11

Editorials 1417

Research policy and review 12. Evaluating a heritage of modelling styles S M Macgill 1423

The central business district of Melbourne and the dispersal and reconcentration of capital S T Moser, N P Low 1447

Optimal clustering K E Rosing, C S ReVelle 1463

Linkages in high technology industries: a Florida case study M J Hagey, E J Malecki 1477

Quality of life in Glasgow: an applied geographical analysis M Pacione 1499

Estimating housing mortality with standard loss curves M E Gleeson 1521

The required rate of new dwelling construction S Merrett 1531

Letters to the editor 1537

Reviews 1541

Volume 18, number 12

Editorials 1555

Changes in transport organisations within Southeast Asian cities: petty producers to statutory corporations P J Rimmer 1559

The residential mobility histories of parents and children, and relationships to present proximity and social integration A M Warnes 1581

Organisational structure and purchasing linkage patterns of manufacturing firms in developing countries: small- and medium-scale firms in Metropolitan Colombo, Sri Lanka S Dias 1595

A simulation-oriented regional econometric model S Cassing, F Giarratani 1611

Evaluation of nuclear power and renewable alternatives as portrayed in UK local press coverage R Spears, J van der Pligt, J R Elser 1629

Farmer uptake of agricultural land drainage benefits J Morris, T M Hess 1649

Algorithm 12: Solving the entropy maximization problem with equality and inequality constraints H Persson 1665
